

Seabee Bulletin

FROM PERSONAL PLANE DIVISION OF REPUBLIC AVIATION CORPORATION

DEALER BULLETIN NO. 23

July 14, 1947

Vacation time has once again rolled around after a year of intense activity on the part of Republic personnel, and operations are scheduled to come to a stop on Friday evening, August 1st, not to resume again until Monday, August 11th.

During this period, which will be used for inventory taking purposes, the only personnel actively engaged in Seabee activities will be our Service and Spares departments.

If you are contemplating any deliveries of Seabees during this time, will you please arrange to have the ships picked up before Friday night, August 1st, as we will not have any hangar personnel on duty to make deliveries during the vacation period.

You can be sure that we will do everything we can to save you any inconvenience which might possibly be incurred as a result of closing, but if there is any special way in which we can help you out during the two weeks remaining before we go on our vacations, please let us know.
