Annual inspection conducted per Hartzell service manual inspection checklist, FAR 43 Appendix D and all pertinent FAA regulations. Performed all routine maintenance and lubrications, ground ran for operational and functional checks of propeller control and function -all satisfactory at this time. ADs checked through biweekly listing 2013-08 and are in compliance. I certify that this propeller has been inspected in accordance with an annual/100hr type inspection, is in airworthy condition and is approved for return to service.
